A Word From Our Fearless Captain

LETTER FROM THE PREZ.....

By Rick Treder

Good day peeps...Welcome back, for those that are back, and for those that are close to returning, Hurry Up!! And for all of you that never left, glad you're here. We have been partying with a purpose, having fun and raising money for our charities. We have upcoming phlockings (don't forget your donations of canned goods to St. Matthews House) , a yard sale (you know that you need to do some de-cluttering, as we are looking for donations), cooking at Ronald McDonald House, and of course our Holiday Party (check the Calendar for dates). The Board is working on other fun stuff: hockey game, comedy club, and other surprises. We would need input on things that YOU would like to see happen (and maybe some help organizing them). There will be a suggestion box at each phlocking, so get your ideas together and let us know. We are getting geared up for the busy time of the year with lots of activities going on, so let's finish out the year strong and PARTY WITH A PURPOSE for a team in?????

The Art of Volunteering

By Bob Jacobs

Here's a note about volunteerism and our club motto. We state that: We Always Leave The World A Little Better Than We Found It. So, in addition to being fans of Mr. Buffett, promoting a coastal and carefree lifestyle, we are truly striving to leave the world a better place.

As a club, we participate in and support many wonderful causes throughout the year. Beneficiaries of our efforts include: The American Cancer Society, Relay for Life, The Alzheimer's Association, our local and fellow community members through the Adopt a Road program, the annual beach clean up, making Easter baskets for kids (typically distributed to Grace Place), donating food to St. Matthews, our holiday toy drive and others.

What makes all this goodness happen? First, unfortunately, is a need within the community. Second, are the folks who pay attention to their surroundings, recognize the need and say that: "something needs to be done about this and why not by me?" Volunteering answers the question who IS going to do something about this! You've heard the old adage that giving your smile costs you nothing but pays you back ten fold. I think that the satisfaction gained from giving of yourself to others via volunteering is even more powerful. The personal feeling of satisfaction of a job well done for the benefit of others produces a natural "high".

Going to phlockings and enjoying the camaraderie of your fellow group members is fun and fantastic, but there is more to being a "true" Parrot Head than that.

The board of directors, urges you to come out and experience the rewarding positive feelings that come from volunteering. Please join us for a community service event at your earliest convenience. We can always use your help, as many hands make light work. We promise that you will feel exhilarated by giving of yourself to help others. We look forward to seeing you soon. Don't worry, there is always something to do and we will find a way to utilize your skills. We have an immediate need for kitchen help! Sunday, September 30th, we will travel to Fort Myers to cook a meal for families staying at the Ronald McDonald house. We will be purchasing the food, cooking the meal and handling the mess afterwards. If you can cook, wash dishes, or help serve...we need you! We will meet at the House at 2:00 and expect to be done by 5:00 PM. If interested, please contact Rick Treder.

IT'S ALL ABOUT THE TATTS!

By Kay Angel Smith

Tattoos serve many purposes, unique to each wearer. They are a means of expression, a symbolic ode to something meaningful, and a form of wearable art. It may be their name, someone else's name, flowers or anything that is special to each person. Sothe benefits of a tattoo are:

Art

It is an art to create a tattoo. Some people want their body to serve as a display for the art work that has been created by an artist. When a tattoo is visible on the body and seen by others, it gets them attention and speaks to their personality.

Self-Expression

There is something empowering about self-expression, allowing the world to see who you are. Tattoos are an inexpensive and effective way to display one's beliefs and interests, making choices that personally benefit that individual. Since many believe their body is a blank canvas, they use it to their advantage, showcasing artwork that is meaningful to them. The fact that tattoos stay with you for life is a great way to honor someone's life. Memorial tattoos are extremely popular. A portrait of a loved one or even a pet is a great way to hold their memory close.

I have five tattoos:

A shamrock – for my Irish ancestors

Palm trees on a beach - my love of the beach

A beach umbrella & chair on the beach – did I mention that I LOVE the beach?

Live, Laugh, Love with a Pink Ribbon – I AM a survivor!

A Parrot with Shades (sunglasses) – A Parrothead needs a parrot and mine has shades for the great band, 'The Shades' from the 60's.

Tattoos are addicting!! Just ask to see mine sometime!

The Experience of Bonding

Sometimes, tattoos are seen as a bonding or affection. Best friends, family members and other companions get matching or symbolic tattoos to illustrate a message that has meaning to all the individuals involved. Getting a tattoo with special persons or loved ones could be an unforgettable experience that represents participation in an enduring relationship.

There are cosmetic and medical tattoos as well. Cosmetic tattoos enhance the color and definition of facial features such as lips, eyebrows and eyelids. Medical tattoos are used to permanently identify a health condition or allergy. I have cosmetic and medical tattoos. Our group has a very wide variety of tattoos. If you are curious and think you might be interested in getting a tattoo, be sure to look for the members who show theirs proudly. And Ask!

VOLUNTEER OPPORTUNITIES

This is a new venture for our group. On Sunday, September 30, NPHC will head to the Ronald McDonald House in Fort Myers to prepare a meal for families that are being housed while their children are getting medical attention at Golisano's Children's Hospital. The club picks up the tab. We prepare and clean up. I can guarantee this will be a fun afternoon. We NEED your assistance to make this a success, please!

On Saturday, November 17, 2018, the Naples Parrothead Club will walk to raise funds for the 2018 to End Alzheimer's in Naples, FL. If you can join us, awesome! If not, please consider donating. Our goal is \$2,000. We are currently, as I type, at \$435. This is a devastating disease that can affect any one of us. Thank you. Here is the link that will take you to our page. You can paste and copy if not highlighted.
